A thrilling through-journey explores the eternal legend of Zhangjiajie. High-tech resurrected ancient cultural relics touch the mysterious culture of Western Hunan. The Great Xiangxi Memory Expo in Wulingyuan has recently unveiled the mysterious veil. Zhangjiajie writer and internet celebrity Mimi July was invited to check in.

This is the first large-scale indoor walking immersive experience show in Zhangjiajie. The museum has ten thousand of valuable folk collections of Western Hunan, pioneering a new form of digital art scene performance, using various most advanced multimedia technologies such as magic theater, 3D projection screen, VR rail car, seismic platform, holographic stage, etc., to carefully create ten modern multimedia show halls, resurrecting the historical features of Western Hunan in different eras, vividly interpreting the unique folk culture, Wuchu culture, sacrificial culture, and war culture of Western Hunan, so that the visitors experience the splendid civilization and cultural heritage of Western Hunan.
