

空中田园，好一派秋收画卷

The Sky Field, a wonderful picture of autumn harvest

10月12日，坐落于张家界武陵源天子山的空中田园稻谷开始收割，仙境家园一般的感觉吸引众多游人前往体验。

空中田园120余亩斜坡梯形良田海拔1000余米，三面都是悬崖峭壁，周围峰峦叠翠，林木参天，犹如一幅气势磅礴的自然山水画，使人有青峰鸣翠，高山响流泉，身在田园里，如上彩云间之感。

On October 12, the rice harvest began in the Sky Field located in the Tianzi Mountain, Wulingyuan, Zhangjiajie. The fairyland-like feeling attracted many tourists to experience it.

The Sky Field has more than 120 mu of sloping terraced farmland at an altitude of more than 1,000 meters. It is surrounded by cliffs on three sides, and encircled by green peaks and towering trees. It is like a majestic natural landscape painting, which makes people feel like "the green peaks are ringing, the mountains are ringing with flowing springs, being in the field is like being among the colorful clouds."
