On October 14, a unique and colorful folk performance Molten Iron Flowers was given in Tianmenshan Town, Yongding District. A ladle of molten iron at a temperature of more than one thousand degrees Celsius is thrown into the sky. The molten iron flowers fall like shooting stars, blooming into fire trees and silver flowers. The night sky is as bright as a goddess scattering flowers. The shocking scene caused bursts of screams from the audience.

你拍我晒

一道残阳铺水中，半江瑟瑟半江红。深秋时节，站在慈利县澧水河畔，夕阳、高楼、静谧的河水，好一幅难得的秋日美景。

黄岳云 摄

A ray of setting sun spreads over the water, half of the river is rustling and half of the river is red. In late autumn, standing on the bank of the Lishui River in Cili County, the setting sun, tall buildings and quiet river water look like a rare autumn picture.
